

Yorkville Band Department

Private Lesson Teachers

Private lessons offer the individual to improve on their basic skills as well as master their own instrumental techniques. I would like to encourage all instrumental music students to take private lessons. Please use this list to contact a possible private instructor. If they are not able to fit you in, call another individual from the list or ask them to refer you to someone else. You are not limited to this list. If you have any questions, ask your band director. Good Luck!!
